Certificate of Student's Practical Training

- **Name of Organization:** Nomura Real Estate Holdings, Inc..
- **Place of Training:** Tokyo, Japan
- **Name of Student:** Kartavya Mahesh Suryawanshi
- **Date of Commencement of Training:** 15th May 2026
- **Date of Completion of Training:** 10th July 2026

1. Actual Number of Working Days Attended: 20 days

2. Brief Details of Training:

Theme: Analyzing the Impact of Generative AI on Work Styles

- Visualize and analyze internal generative AI usage data.
- Analyze employee communication logs obtained through Viva Insights.
- Using AI usage data and communication logs, analyze and visualize differences in work styles between AI users and non-users (using Power BI). Specifically:
 - Conduct statistical significance analysis of time spent on emails, meetings, and other work activities.
 - Analyze differences in communication volume per unit of time.
 - Examine differences in the size of employees' collaboration and communication networks.
 - Compare the above metrics before and after the adoption of generative AI to identify statistically significant changes.
- Prepare presentation materials (including Japanese) and deliver a final presentation on the project outcomes.

3. Evaluation of Student's performance

■Excellent □Very good □Good □Satisfactory □Unsatisfactory

4. Remarks on the Student's Personal Conduct

- Flexibility and adaptability
- Honesty, sincerity, and a willingness to learn
- Strong motivation to study Japanese
- Proactive communication beyond work-related matters
- Ability to formulate hypotheses and execute tasks efficiently
- Ability to create presentation slides in Japanese and deliver clear, easy-to-understand presentations
